4201 West 93rd Street
Oak Lawn, IL 60453
Telephone 708-423-0150
Fax 708-423-0160**

The Oak Lawn-Hometown School District 123 Board of Education will receive sealed bids for:
Student Transportation Services

The Bid Opening will be February 16, 2012 at 10:00 a.m. in the Training Room at the D123 Administrative Offices located at 4201 West 93rd Street, IL. At this time the bids will be publicly opened and read.

There will be a mandatory pre-bid meeting on February 10, 2012 at 10:00 a.m. at the same location.

Interested bidders may download a copy of the specifications at <http://www.d123.org/financial/Bids-Legal-Notices.cfm>

Oak Lawn-Hometown School District 123 reserves the right to reject any or all bids, to waive irregularities in the bidding procedure, or accept the bid that in its opinion will serve its best interest. Any such decision shall be considered final. Oak Lawn-Hometown School District 123 reserves the right to set aside a Bid from a Contractor whom, in the District 's opinion, does not exhibit past experience equal to the size and scope of this project.

Your sealed bid should be marked **STUDENT TRANSPORTATION SERVICES, ATTN. MIKE LOFTIN** and must be received at 4201 West 93rd Street, IL no later than 10:00 a.m. February 16, 2012.

Mike Loftin
Assistant Superintendent/Business and Operations

**BID SPECIFICATION
FOR
STUDENT TRANSPORTATION SERVICES**

1. Contract will be for the school years 2012-13, 2013-14, and 2014-15 and options exercised at the discretion of the School District for the years 2015-16 and 2016-17. Additional years are subject to legal requirements.
2. Upon submission of the bid, the Contractor shall provide a bid bond with a company licensed to do business in the State of Illinois with a Minimum Best's rating of Class XV: A, in an amount equal to ten percent (10%) of the Contractor's bid.
3. The Board of Education reserves the right to require the successful bidder, at its sole cost and expense, to provide a 100% performance bond for its bid issued by a company with a Minimum Best's rating of Class XV: A for each year of the agreement. A letter shall accompany each bid from an authorized bonding company or agent therefore affirmatively stating that such a bond in favor of District 123 will be issued if the bidder is awarded the contract. Failure to provide the performance bond within forty-five (45) days of request shall result in forfeiture of the certified check or bid bond
4. The bid shall be based on the premise that the District will not be responsible for financing, holding title or licensing of vehicles. All vehicles must be parked, maintained and taxed within ten (10) miles of the boundaries of the District.
5. The bid shall be based on an all diesel-powered fleet. The Contractor may provide gasoline or other fuel powered vehicles but must purchase and pay for all such fuel. Contractor must install and maintain proper fuel storage tanks so as to guarantee availability of fuel for vehicles required for the performance of this contract.
6. All figures given for passengers, routes or length of routes are estimated from present operations and projected enrollment for the first school year of the term of the agreement.
7. Each bidder shall submit a current balance sheet prepared by a Certified Public Accountant. No Pro Forma statements will be accepted.
8. All bids are deemed final, conclusive and irrevocable and no bid shall be subject to correction or amendment for any error or miscalculation. No bid shall be withdrawn without the consent of School District 123 Board of Education or designee after the scheduled closing time for the reception of proposals. All bids submitted must be valid for sixty days after the date for bid opening.
9. School District 123's Board of Education reserves the right to reject any and all bids, to accept bids in whole or in part, and to waive any irregularities or defects in any proposal, should it deem such action to be in the best interest of the District. The contract will be awarded, if at all, to the lowest responsible bidder as determined by the Board of Education. In determining same, the financial responsibility of the bidder will not be the sole criterion. The Board is equally concerned

with the proven ability of the bidder to satisfactorily perform his contract so that service will be provided in accordance with the proposed contract document. Written responses must be provided for the following areas of concern with your bid:

- A. Indicate management experience in bus operation and transporting both regular and special needs children.
 - B. Indicate where you expect to house the buses (within ten (10) miles of the District boundaries) and how that is adequate for the performance of this contract.
 - C. List all current transportation contracts with school districts and special education cooperatives in Illinois and the contact person regarding the contract at the school district or cooperative.
 - D. Indicate all contracts that your firm has defaulted on in the past ten years.
 - E. Indicate the locations of five contracts you have had in the past three years. Indicate the size of the contract including the number of buses and drivers required. Also, include the telephone numbers and name of the responsible District personnel.
 - F. Indicate school Districts of similar size (3000 students with approximately 1200 students transported daily) with whom you have had contracts for the past three years. Indicate the size of the contract including the number of buses and drivers required. Also, include the telephone numbers and name of the responsible District personnel.
10. The bidder shall at all times observe and comply with all laws, ordinances, regulations and codes of the federal, state, country and other local government agencies, which may in any manner affect the performance of the contract and in particular any such laws pertaining to safety.
11. The successful bidder shall not discriminate against any worker, employee or applicant, or any member of the public because of race, color, religion, creed, national origin, sex, sexual orientation, age, ancestry, marital status, arrest record, military status unfavorable military discharge, citizenship status provided the individual is authorized to work in the United States, use of lawful products while not at work, being a victim of domestic or sexual violence, physical or mental handicap or disability, if otherwise able to perform the essential functions of the job with reasonable accommodation, credit history, unless a satisfactory credit history is an established bona fide occupational requirement of a particular position, or other legally protected categories. The successful bidder further agrees that this article shall be incorporated in all contracts entered into with suppliers of materials or services.
12. Contractor agrees to indemnify, hold harmless and defend School District 123 members of the Board of Education, officers, employees, student teachers and agents thereof against all suits, actions, legal proceedings, claims and demands, and against all damages, loss, cost, expense and attorneys' fees, in any manner caused by, arising from, incidental to, connected with or growing out of the operation of buses and the provision of transportation services under the contract.

13. No contract shall be assigned or any part of the same subcontracted without the written consent of the Board, but in no case shall such consent relieve the Contractor from its obligations, or change the terms of the contract.
14. All bid prices on contract specifications must be firm for years one, two, and three of the contract period. Bids for the optional fourth and fifth years may be either firm or based on future negotiations.
15. Any explanation, statement or alternate which the bidder wishes to make must be placed in the same envelope with the proposal but shall be written separately and independently of the proposal and attached thereto. Unless the bidder so indicates, it is understood that the bidder has bid in strict accordance with the specification requirements. Alternate bids will be considered only secondarily to the contract specifications. Any alternates submitted must be thoroughly detailed to merit consideration.
16. These instructions are to be considered an integral part of any bid.
17. The successful bidder will enter into a Contract for Transportation Services which shall incorporate all of the provisions of these Bid Specifications (e.g., including but not limited to the General Conditions, Termination of the Contract, etc., provided hereinafter).
18. All questions should be directed to: **Mike Loftin (mloftin@d123.org; 708-423-0150)**.

GENERAL CONDITIONS

1. SCOPE: Successful Contractor shall, during the period set forth, provide and maintain such school bus transportation as may be requested to transport conveniently and safely, any and all students or other personnel designated by the District to be transported. Such transportation shall be provided for each and every day that school is convened and in accordance with bus routes and schedules submitted by Contractor to District and approved by District. The District reserves the right to revise or change any and all routes and the number of buses required thereunder to best suit its needs at any time before or during the school year. All such revisions shall be deemed an ordinary part of this contract.

Contractor shall also provide transportation services for field trips, athletic events, summer school, and other special programs as requested by the District.

The Contractor agrees that it will allow no person, other than students, supervisors of the Bus Company, drivers in training, and authorized school personnel, to ride the bus without the written consent of proper school officials.

2. EQUIPMENT: Successful Contractor shall provide sufficient diesel powered buses of various types and capacities required to enable it to meet the daily transportation needs of the District.

Contractor shall keep all equipment used in the transportation of students in strict accordance with the State of Illinois Minimum Standards for School Buses as promulgated by the Illinois State Board of Education and the Illinois Department of Transportation, as well as all federal and local laws. All equipment shall be maintained in sound mechanical condition at all times to pass the required State School Bus Inspections. Buses shall be kept in a clean and sanitary condition. All equipment must be open to examination by authorized District personnel during normal working hours. All vehicles must have inspections in accordance with legal requirements. Any vehicle that is not in compliance with inspection requirements shall not be used. Standby vehicles shall meet the same standards as regular route vehicles. Standby buses shall be used in the event any buses regularly transporting students shall be inoperable.

Contractor shall, in connection with safely transporting special education students of the District, provide hospital type vans and buses equipped with an access ramp and adjustable safety locks and seat retainer for transporting wheelchair students and such other students as may be requested or required by the District. A seat belt or harness shall also be provided for certain special education students as required by the District. All buses shall be equipped with a complete two-way radio system in good working order. Contractor shall provide and maintain a sufficient quantity of backup radios to ensure that buses never operate in violation of this provision. Drivers will maintain constant radio contact with Contractor's central dispatch.

All buses shall be equipped with a mechanical or electrical device that will ensure that no child will be left on an unattended bus. The bus driver shall be trained to use this device at the conclusion of each bus run.

All buses shall be equipped with video cameras. Video recordings of all routes will be maintained

for a minimum of twenty (20) school days. Video will be organized by date and will be available for inspection upon district request.

The District requires that the fleet of buses used for the District shall have an average age of no more than eight (8) years, with no vehicle exceeding ten (10) years of age during the term of the contract. The age of the vehicle shall be determined by the title year. All vehicles must be parked, maintained, and taxed within ten (10) miles of the boundaries of the District.

Contractor shall keep enough standby equipment and vehicles available to assure that it can provide uninterrupted service in the event of mechanical breakdowns. Standby vehicles shall meet the same standards as regular route vehicles. A minimum of one standby vehicle for every twelve regular vehicles shall be available to the District.

3. ROUTES AND TIME SCHEDULES: The Contractor or the District shall determine routes with ultimate route approval provided by the District. If the Contractor provides the routes, these routes will be determined and provided to the District for review no later than August 1st of each school year. The Contractor shall work closely with the District in planning the routes and otherwise performing this agreement. The District reserves the right to modify routes and schedules to be followed and to make changes therein. The District will notify the Contractor whenever changes are necessary in routes or time schedules and the Contractor shall make every reasonable effort to adjust its operations so as to accommodate all such necessary changes within two business days after notice is received from the District.

All schedules shall be in keeping with the safety of school children so as to deliver students within a reasonable time prior to the opening of the various schools, and so as to return them to their respective bus stops within a reasonable time after the close of the school day. The District will supply all school time schedules.

Contractor shall, in cooperation with the District, institute a good public relations program within the community and the news media so that pertinent items affecting the transportation program can be brought to the attention of the public. Contractor shall make every effort to provide a positive public image of school bus transportation within the District.

In the event of inclement weather or any other reason for school being canceled or delayed, the Superintendent of the District or his/her designee shall notify the Contractor prior to 6:00 a.m., prevailing time, on the day of such cancellation or delay. In the event that school shall be dismissed early due to a school or District emergency, the Superintendent or his/her designee shall notify the Contractor not less than two hours before such early dismissal. The decision of the Superintendent shall be final.

4. OPERATIONS PERSONNEL: It should be understood that the transportation of school children is a unique and specialized professional service. It is of essence that the students be transported to and from school regularly, promptly, safely and without interruption or incident and that the safety of the children in such transportation shall take precedence over the interest of either the Contractor and its drivers or the District. It shall be a primary obligation of the Contractor to operate its affairs so that the District will be assured of this continuous, safe, and reliable service.

Contractor shall provide qualified and appropriate drivers for each vehicle operated in performance of this contract. The Contractor shall pay drivers a competitive rate and benefits to promote a level of quality, continuity, and reliability of service. Drivers shall be assigned on a permanent basis to specific routes and schedules. Substitute drivers may be used only when it is not possible for the regularly assigned driver to be available. The District shall be given the opportunity to request specific drivers for school routes. This request will supercede any bids for school routes by other drivers.

Drivers must be fully licensed in accordance with all state and federal laws, rules, and regulations. Contractor shall provide all drivers with periodic in-service training relative to all facets of the driver's job and shall make certain that all drivers shall have successfully completed a Red Cross approved first aid course prior to operating a bus under this contract. There shall be no less than one annual meeting between the Contractor and the District to discuss safety and transportation of students.

The District shall have the right to require the dismissal of any person or driver employed by the Contractor who, in the District's opinion is not qualified or appropriate to operate a school bus or otherwise assist the Contractor in performing this contract. Subject to this overriding right, however, the responsibility for hiring and discharging personnel in respect to all of the foregoing shall rest entirely upon the Contractor, and the Contractor must agree that it shall enter into no agreement or arrangement with any employee, person, group or organization which will in any way prevent the District from exercising such right.

Contractor must provide the District with the names and information for all persons it expects to use in fulfillment of this contract. All applicants for a school bus driver permit must be fingerprinted and cleared by an Illinois specific background check before a school bus driver permit can be issued.

No person may be employed who has been convicted of committing or attempting to commit any one or more of the offenses listed in Section 5/10-21.9(c) of the School Code of Illinois. Contractor shall not employ any driver that has not passed an alcohol or drug test. In addition to an annual drug and alcohol test, the Contractor must have a drug and alcohol-testing program, which allows for and requires testing of drivers for reasonable cause, post-accident, and on a random basis. A positive test result shall disqualify a driver from providing service to the District.

Contractor's drivers shall assist special education students on and off Contractor's vehicles and have responsibility for safely seating such students and for properly applying the safety locks and restraining devices, which are provided for the safety of said students.

Contractor shall furnish and contractor's drivers shall be required to properly wear and display a photo identification badge or Contractor identification badge at all times they are providing transportation services for the District. Uniform dress is desirable.

5. STUDENT DISCIPLINE: It is to be understood that decisions on student disciplinary problems, suspensions or expulsions will rest with School District 123's Principals, Superintendent or Board

of Education. The driver is responsible only for discipline required to operate the bus; beyond this point, he/she will ask for help. If, in the opinion of the driver, the behavior of any person on the bus threatens or prohibits the driver from operating the bus without endangering passengers on the bus, the driver shall stop the bus and take whatever emergency action (if any) is necessary to ensure the safety of the passengers. As soon as reasonably possible thereafter, the driver shall report such occurrence to the Contractor's central dispatch. Under no circumstances may a driver refuse to transport a student who is assigned to his bus without expressed consent from School District 123.

Drivers shall, within twelve (12) hours of any such incident, advise the Principal of the building to which the students on the bus are most directly related, of all instances of serious misbehavior on their bus and shall assist the Principal (or his designee) in obtaining whatever information is desired with respect to each incident. Further administrative procedures and regulations shall be established cooperatively between the District and the successful bidder.

All vandalism damages to the Contractor's equipment or facilities will be the responsibility of the Contractor. Whenever possible the District will seek reimbursement to the Contractor from the offending individual(s).

6. MANAGEMENT PERSONNEL: Contractor shall provide a full-time contract manager, a permanent dispatcher and adequate personnel to provide proper supervision over its employees and to keep and maintain proper transportation records for the District. This will include, but is not limited to, the ISBE transportation claim form information. This information will be provided in a timely manner to facilitate compliance deadlines.
7. CENTRAL DISPATCH: Contractor shall maintain a central dispatch station with a clear and complete two-way radio contact to all bus drivers operating buses used in performing this contract. A permanent dispatcher shall be employed by the Contractor and assigned to central dispatch and that person, or an equally competent substitute, shall be on duty at central dispatch at all times when transportation services are being performed thereunder.

Central dispatch shall make certain all drivers advise the Principal (or designee) of the building in which the students from the bus are most directly related of all instances of serious misbehavior on a bus operated pursuant to this contract and shall assist the Principal (or designee) in obtaining whatever information they may desire relative to each incident.

8. SAFETY PROGRAM: The safety and best interests of the children being transported shall be a primary concern of the District and the Contractor. In addition to the safety requirements of the state and federal laws and regulations, the Contractor shall work with the District to develop an in-service safety program relative to the rendering of all facets of transportation service under this contract. As part of the in-service safety program, a qualified driver/supervisor (employed by the Contractor) shall ride with every driver at least once each semester and evaluate the performance of the driver. Documentation of these check rides shall be available to the District.
9. INSURANCE: Contractor shall carry, pay for, and keep in force, in companies licensed to do business in Illinois, comprehensive general liability and comprehensive automobile liability in

minimum amounts of insurance as follows:

\$25,000,000 bodily injury, death and/or property damage single limit for each occurrence.

The Contractor shall carry Workers' Compensation insurance covering all operations in connection with the performance of this agreement as required by law.

The Contractor shall submit a copy of its Certificates of Insurance to the District giving evidence of the insurance coverage with this bid. Said Certificates (except for workers' compensation) will reflect the following as additional insureds: "The Board of Education of Oak Lawn-Hometown School District 123 Board of Education, the individual members thereof, and all agents and employees of the Board of Education."

Each insurance company shall agree not to terminate their coverage without thirty (30) days notice to both District and Contractor, and to include this clause in the insurance policy and in the Certificate of Insurance.

In the event either party is served with notice of any cancellation, proposed cancellation or non-renewal of any of the foregoing insurance coverage, the party receiving such notice shall immediately notify the other party of the receipt of such notice. The Contractor shall make whatever arrangements are necessary to replace the needed insurance coverage prior to the performance of any additional transportation needed.

10. LAWS AND REGULATIONS: During the entire term of the contract, the Contractor shall comply in every respect with all laws, rules and regulations of the State of Illinois and the United States affecting or regulating the transportation of school children, including but not limited to the Motor Vehicle Code and The School Code of Illinois and the rules promulgated by the Illinois State Board of Education and Illinois Department of Transportation.
11. DURATION OF CONTRACT: The contract shall be effective from August 2012 and shall continue in force and effect for the period specified.
12. CONTRACT OPTION: Contractor agrees to provide transportation services to the District for at least a three year period beginning with the 2012-13 school year, with options exercised at the discretion of the School District for the years 2013-14 and 2014-15. Contractor will supply requested summer school transportation, which is to be considered part of the preceding school term.
13. FUEL: Contractor shall purchase and cause all diesel fuel required to operate the vehicles necessary for the performance of this contract. There will be **no** fuel escalation assessments or fuel reduction refunds during the Contract period.
14. COMPENSATION: Contractor shall on or before the fifth day of each month submit to the District its written statement showing all amounts due Contractor for the preceding calendar month, and the District shall pay the same within thirty days of its receipt of the monthly statement. However, payment for any disputed items may be withheld until mutual agreement is reached

between the parties relative to the item or provision upon which the difference arises or until the matter is judicially resolved in accordance with the contract. Contractor shall furnish separate billings for all field trips, athletic trips, and other charter trips, which are not a part of the regular daily routine. Such billings can be submitted to the District as soon as the trip is completed and all charges determined. On or before the fifth day of each month, the District and the Contractor will work together to establish a specific number of special education students for which transportation service will be performed during the course of the month, and the Contractor shall base the billing for that month upon the mutually established number of students without regard to the actual number of students that are transported on any given day during that month, or the total number of students that are actually transported during the course of that month. Midday runs transporting students included in this count are not to be counted in the total for midday run charges.

15. RESERVATIONS: The District reserves the right to use other transportation services for field trips, shuttle runs, athletic activities, out-of-district transportation and other purposes not included in regular District routes. This is not to preclude the possibility that the District may combine some of these types of activities where logical and feasible with regular routing.
16. INDEMNIFICATION: Contractor shall hold the District, its Board of Education, officers and employees harmless and does hereby agree to indemnify the District, its Board of Education, and the Board's officers, agents and employees from and against every claim or demand which may be made by any person, firm, or corporation, or other entity arising from or caused by any act of neglect, default, or omission of the Contractor in the performance of the contract, except to the extent that such claim or demand arises from or is caused by the negligence or willful misconduct of District, its agents or employees.
17. CONTRACTOR NOT AN AGENT: The Contractor enters into the contract for furnishing transportation only as an independent Contractor and further acknowledges that it is not a representative, agent, joint venture, official, or employee of the District.
18. FORCE MAJEURE: In the event the Contractor's performance of the contract is temporarily interrupted due to Acts of God, civil disturbances, labor disputes or strikes, Governmental acts, regulations or executive order or for other causes not chargeable to the Contractor, then in-lieu-of any other remedy the District shall have the right and option to take possession and control of all school buses, operating equipment, tools, supplies, parts, and other items of property kept by the Contractor in the District for the purpose of providing and furnishing services under this contract and to keep and use all such property belonging to the Contractor for the duration of such interruption in order to operate its transportation services. During such time the District shall keep accurate accounts of the services used by it in maintaining such transportation services, as if performed pursuant to this contract, and of all expenditures made by the District for such operations. The District shall continue to pay the Contractor for the duration of such interruption, such amounts as would otherwise be due under this contract less the amounts of its expenditures and costs. In the event of damage to property of Contractor because of Acts of God, civil disturbances, labor disputes or strikes, regulations or executive order, the District shall have no liability for damage directly resulting from the aforementioned causes.

TERMINATION OF CONTRACT

In the event that the Contractor at any time fails to comply with any of the terms or conditions set forth in the bid specifications or the transportation contract, or should School District 123 determine that the contractor is in any other way unfit, unqualified or unable to perform as required by School District 123, then School District 123 may give five (5) calendar days notice in writing to the Contractor. Such notice, if given, shall include of the nature of the breach, unfitness, lack of qualifications or inability to perform, and shall state that the contract may be cancelled if the contractor does not remedy the inadequacy(ies) within five (5) days of receipt of such notice. In the event the Contractor does not verify in writing to School District 123 that such inadequacy(ies) have been remedied within five (5) calendar days from the receipt of such notice, School District 123 may, in its sole discretion, provide written notice to the contractor that the contract is or shall be terminated, along with the effective date of such termination. In the event of termination, the contractor shall remain liable for any costs to School District 123 for bus transportation to the end of the contract. School District 123's failure to exercise any rights hereunder does not preclude any subsequent right to exercise School District 123's option to provide written notice hereunder or to terminate the contract. If the contract is terminated, all of the contractor's rights shall cease. Any notices to be provided pursuant to this paragraph may be provided by electronic transmission. In the event that School District 123 terminates the contract and/or proceeds against the Contractor and/or its surety company because of the Contractor's breach of or lack of full compliance with the contract for transportation or the bid specifications, the Contractor agrees to pay, and Contractor's surety company's performance bond shall be deemed to guarantee payment of School District 123's attorney's fees and costs incurred in connection with any legal proceedings against the Contractor and its surety company.

1. Any repetition of lateness, or failure to adhere to the schedule shall constitute a breach of contract. No driver shall leave a bus stop (children loading area) prior to the scheduled time for departure.
2. If the contractor fails to perform its services because of the mechanical failure of its equipment, or for any other reason, including strikes or other labor disputes, or for any material breach of the terms of these general conditions and/or specifications, the contractor shall receive no compensation for the day or days involved, and School District 123 shall have the right to secure and/or substitute transportation service. Furthermore, if School District 123 must hire the service of others because of the failure of the contractor to provide the full services under this contract, School District 123 will charge the contractor for the difference between the contractor's charges under the contract and the cost of providing substitute transportation service for that day or days, which amount the contractor shall pay School District 123 within ten (10) days of demand by the District. In the event that the contractor fails to pay School District 123 within ten (10) days of receiving an invoice from School District 123 for substitute transportation services, the contractor shall be liable to School District 123 for interest on such unpaid balance at the rate of one and one-half percent (1 ½%) per month for each month, or part thereof, until School District 123 receives payment thereon from the contractor or its surety company. Interest shall be computed beginning with the day the invoice(s) for such substitute transportation service was provided by School District 123 to the contractor.

3. After three (3) consecutive days of failure to meet the specifications contained herein, as determined by School District 123 in its sole discretion, and in addition to termination of the Contract as provided above, the following procedures may be invoked by School District 123 upon five (5) days written notice to the contractor:
- a.) **Deposit to Secure Contractor's Performance.** Upon written notice by School District 123, contractor shall make a deposit in the amount of \$25,000.00 ("contractor deposit") with the Worth Township Treasurer ("Treasurer"). The contractor deposit shall serve as contractor's guarantee to and additional security for School District 123 that the contractor shall meet and maintain minimum standards of performance for the remainder of the Contract, and to secure the contractor's agreement to pay or otherwise reimburse School District 123 and Parents/Guardians in the event that the contractor fails to meet such standards.
 - b.) **School District 123 Claim Against Contractor's Deposit.** Beginning thirty (30) days after the initial contractor deposit, and by thirty (30) days thereafter for the remainder of the Transportation Contract or until termination thereof, whichever is first to occur, School District 123 shall submit a written summary of the contractor's violations of minimum performance standards for the prior month, if any, to the Treasurer. School District 123 shall submit its written summary simultaneously to the Treasurer and to the contractor and in the same manner.
 - c.) **Contractor Response to School District 123 Claim Against contractor Deposit.** Contractor shall have five (5) business days after receipt of a School District 123 summary within which to submit a written response to the Treasurer. The contractor shall submit its written response simultaneously to the Treasurer and School District 123 and in the same manner.
 - d.) **Determination by Treasurer.** Within ten business days (10) days thereafter, and after consideration of School District 123's summary, contractor's response, and such additional information that may be submitted by School District 123 or contractor, the Treasurer shall determine, in his sole and nonreviewable discretion, the amount owed School District 123, if any, as a result of the contractor's violations of minimum performance standards for the month. In the event that the Treasurer determines that the contractor has violated the minimum performance standards set forth below, the Treasurer shall withdraw the amounts indicated below from the contractor's deposit and distribute the amounts to School District 123 or Parents/Guardians, as applicable.
 - e.) **Maintenance of Contractor Deposit.** Within five (5) business days after the Treasurer's distribution to School District 123, contractor will then deposit the amount distributed to School District 123 and Parents/Guardians by the Treasurer so that the deposit of \$25,000.00 shall be maintained on a monthly basis.
 - f.) **Return of the Contractor's Deposit.** When the Contract for Transportation Services expires at the end of the 2014-2015 school year, and provided it is not extended, and following the final determination of the Treasurer regarding the summaries submitted by School District 123, the Treasurer shall return the remaining deposit to contractor.

g.) **Minimum Performance Standards/Payments to School District 123 and/or Parents/Guardians.**

The following minimum performance standards shall be maintained by the contractor for the payment indicated below shall be assessed against the deposit by the Treasurer and paid to School District 123 and/or Parents/Guardians, as applicable:

(1) **Timeliness** - Minimum Standard: Buses shall be on time.

Payment to School District 123 for late bus / failure to pick up/drop-off – determined per route (includes home and school pick-up and arrival):

upon second occurrence for a route of more than five minutes	\$25
upon third occurrence for a route of more than five minutes	\$50
upon fourth occurrence for a route of more than five minutes	\$100
upon fifth occurrence for a route of more than five minutes	\$200
for each occurrence thereafter	\$400

(2) **Equipment** - Minimum Standard: contractor will provide necessary and adequate equipment.

Payment to School District 123 for Equipment failure will be based on all routes, not determined on a per route basis. (Includes no/inadequate heat, no/inadequate air conditioning, no/nonfunctioning lift, no/nonfunctioning wheelchair security):

second occurrence	\$500.00
third occurrence	\$1,000.00
fourth occurrence	\$2,000.00
for each occurrence thereafter	\$4,000.00

(3) **Communication** – Minimum Standard: School District 123 and Parents/Guardians will be notified by contractor if pick-up and arrivals will not be on time.

Payment to School District 123 and Parents/Guardians for failure to contact School District 123 and/or Parents/Guardians to report late bus:

upon second occurrence for a route (more than five minutes)	\$25
upon third occurrence for a route (more than five minutes)	\$50

upon fourth occurrence for a route (more than five minutes)	\$100
upon fifth occurrence for a route (more than five minutes)	\$200
for each occurrence thereafter	\$400

(4) **Costs** – Minimum Standard: Neither School District 123 nor Parents/Guardians shall incur additional out-of-pocket costs due to contractor’s failure to meet minimum performance standards.

Reimbursement to School District 123 and/or Parents/Guardians for late bus:

For School District 123 cost for staff additional time due to late bus actual cost plus 5%

For parent costs for additional child care, lost wages,
other out-of-pocket actual cost plus 5%

INDEMNIFICATION/HOLD HARMLESS. Contractor agrees to indemnify and hold harmless the Treasurer for his performance of his functions under this subsection. Contractor agrees that it will not initiate any litigation against the Treasurer, or the Township Trustees of Schools for the Treasurer’s township, as a result or due to the exercise of the Treasurer’s discretion to pay any sums from the contractor deposit to School District 123 or Parents/Guardians. In the event that the contractor violates this provision, contractor agrees to pay to the Treasurer, and/or the Township Trustees of Schools for the Treasurer’s township, for any attorney’s fees or costs incurred in connection with such suit, and that such attorney’s fees and costs may be deducted from the contractor’s deposit.

CONTRACTOR NOT AN AGENT

The contractor shall not be held or deemed in any way to be an agent, employee, or official of School District 123, but rather an independent contractor furnishing transportation services for School District 123.

OVERVIEW OF BUS SERVICE FOR DISTRICT

EXHIBIT A (Attached) provides all current route sheets for the daily transportation needs across the district.

EARLY/LATE ACTIVITY BUSES: These buses provide transportation to the home areas from scheduled after school activities and are available at: <http://www.d123.org/olhms/Activity-Bus-Schedule.cfm>

FIELD TRIPS/ ATHLETIC TRIPS: Most trips are in the Chicagoland area and are usually taken from 8:45 AM - 2:45 PM. Athletic trips cover the south suburban area, and cover all middle school sports.

SCHOOL IMPROVEMENT PLANNING DAYS : These are early dismissal days for students on designated days during the year. The current, approved school calendar is available at: <http://www.d123.org/documents/2011-12Calendar.pdf>

OTHER CONTRACT TERMS

1. The bidder by submitting his/her bid attached to these specifications, hereby agrees to accept all terms of these instructions, general conditions, and specifications as a binding contract for transportation services, covenants to be bound by the same, and to enter into the written Transportation Contract incorporating the terms and conditions thereof provided with these specifications.
2. The Transportation Contract shall represent the complete understanding of the parties and may not be changed, modified, altered, or terminated by either party unless said change, modification, alteration, or termination is reduced to writing and signed by the parties to this Contract.
3. The Transportation Contract shall be interpreted in all cases by the laws of the State of Illinois.
4. The Transportation Contract (and any alternate bids accepted by the Board) shall represent the complete understanding between the parties, and supersedes all previous oral and written agreements.
5. The contractor's bid and the Transportation Contract attached shall not be deemed accepted until approved and executed by the contractor and the Oak Lawn-Hometown School District 123 Board of Education.
6. Oak Lawn-Hometown School District 123 shall consider the contractor in breach of contract and shall file a claim against the contractor's performance bond option if all licensed and trained personnel are not in place by the Contractor at 9:00 a.m. local time, August 1, 2012.
7. The bidder shall be required to complete and sign the Transportation Contract and include this document with the bid specification price sheet. Upon Board action the contract of the successful bidder will be signed and returned to the successful contractor.
8. Throughout the term of the Transportation Contract, situations may arise which have not been addressed herein. Such situations shall be negotiated in good faith between the contractor and Oak Lawn-Hometown School District 123 and, once agreement is reached, be reduced to writing and become a part of the legal and binding Transportation Contract between the two parties when signed.

**EQUAL EMPLOYMENT OPPORTUNITY AND
MINORITY RECRUITMENT STATEMENT**

_____ shall provide equal employment opportunities to all persons regardless of their race, color, religion, creed, national origin, sex, sexual orientation, age, ancestry, marital status, arrest record, military status unfavorable military discharge, citizenship status provided the individual is authorized to work in the United States, use of lawful products while not at work, being a victim of domestic or sexual violence, physical or mental handicap or disability, if otherwise able to perform the essential functions of the job with reasonable accommodation, credit history, unless a satisfactory credit history is an established bona fide occupational requirement of a particular position, or other legally protected categories.
